

MY CU® Services Offer More & Pay Less

Kansas Corporate partnered with MY CU® Services and launched a full-scale campaign to introduce our membership to their state-of-the-art bill pay solution, **PLUS**, in January 2010.

Why, you ask?

MY CU® Services is one of the largest credit union only providers of electronic bill payment in the market and their recent collaboration with iPay Technologies will open your eyes to what bill payment in the 21st century should be – a coupling of convenience, security and flexibility!

They offer single sign-on capabilities, auto-enrollment and are integrated with most home banking products as well as providing the following KEY features...

- No Monthly Minimums
- External Account-to-Account transfers
- Person-to-Person ACH payments via email
- Expedited payments
- Gift and Donation payments including customized cards and attached checks
- Payment tracking through the U.S. Postal system
- Bill payment from multiple accounts
- Scheduling of multiple payments from one screen
- And Biz 2.0 – the most customizable small business Bill Pay solution

What else?

MY CU® Services has all the components you need to customize your bill payment service with NO requirement to purchase expensive package deals.

MY CU® Services maintains member-billing files for your credit union so you don't have to.

MY CU® Services can be your total turn-key bill payment solution or your remittance processor – whichever you need.

And...MY CU® Services is running a special PROMOTION to help you serve your members bill payment needs and drive traffic to

Half-Over or Half-Begun A Mid-Year Perspective

Kansas Corporate spent the first half of 2010 putting our heads down and getting to work on many initiatives with the most critical being the generation of a healthy monthly net income. We have taken positive strides in building retained earnings to meet the expected requirements of the new corporate regulation and our own budgeted retained earnings goal of 0.22%, by year-end. Despite the low interest rate environment, we've paid competitive rates, expanded our liquidity sources, met all member liquidity requests, implemented cost reductions to levels not seen since 2004, reduced the size of our balance sheet by emphasizing our off-balance sheet investment products, all while continuing to meet the regulatory ALM and total capital requirements.

Excerpts from the June 2010 Kansas Corporate Monthly Membership Report

Kansas Corporate has also stepped up our communication methods to keep our credit union members 'in the know'. Monthly Membership Reports were created early in 2010 and are distributed following each board meeting. These reports detail our progress towards meeting the expected future requirements of the new corporate regulations as well as provide updates on key activities including our establishment of additional liquidity sources, board and committee action items, financial review, NCUA activities, and an events calendar.

Your KCCU board of directors and management are confident we have created a viable business model that will allow KCCU to continue to offer all of our products and services to the membership under a reasonable new corporate regulation. However, we also feel it prudent to wait until the details of the legacy asset plan are revealed and the new corporate regulation has been finalized before our business model can be completed. On a June 28th conference call, NCUA Chair Deborah Matz indicated they hoped to have the legacy asset plan completed by late-summer and a final corporate regulation approved at the September board meeting. Following these events, your KCCU board will finalize our business model and host regional membership meetings.

If you are a member credit union employee and are not currently receiving the Monthly Membership Report but would like to, simply email marketing@kansascorporate.org with your request.

NCUL Annual Meeting & Convention

The Perfect Fit

KCCU staff was delighted and honored to once again participate in the NCUL Annual Meeting & Convention, June 3rd – 5th, 2010 – this time at The Embassy Suites in Lincoln, NE!

Staff spent Thursday evening meeting and greeting current Associate Members and credit union employees from across Nebraska during the Exhibit Hall Grand Opening and Reception. Our very own, Tonya Johnston, Operations Manager, was called to the stage during The Dueling Pianos show to lend a hand!

Friday provided even more face time with credit union representatives as the Exhibitor Showcase was open throughout the day. We send out a sincere and heartfelt ‘Congratulations’ to LincOne’s CEO, Jerry Barnett, for winning the 2010 Credit Union Professional Distinguished Service Award presented Friday night during the Awards Banquet.

Larry Eisenhauer, Circe Gleeson and Tonya Johnston at the KCCU Booth during the NCUL Exhibitor Showcase.

This year Kansas Corporate sponsored the Friday Night Awards Banquet as well as serving as a Hole Sponsor of the League Annual Meeting Golf Tournament! Larry Eisenhauer, President & CEO, provided a Kansas Corporate update to meeting attendees Friday morning during the Annual Business Meeting - where the NE governor gave us some insight that NU was leaving the Big 12!

We appreciate the time folks spent with us during the NCUL Annual Meeting & Convention and look forward to participating again next year! Great seeing old friends and making new ones along the way!

Time IS On Your Side

Operations Processing Schedule

Kansas Corporate works to meet the varied processing schedules of member credit unions by processing transactions on a timely basis throughout the day. To help manage your daily operations, the following processing deadline list is being published.
